Democrats Support Bill Solidly -Passage of the Measure in House Is Assured—Several Republicans Bitterly Oppose of \$2,000,000.

Bulletin-Washington, March 21 .- The temporarily. Tiliman bill, to provide for the erection er purchase by the government of an plate factory at a cost not to exced \$11,000,000, was passed by the Senate late to-day by a vote of 58 to 23. The House naval committee has set aside to- north wide residential districmorrow for consideration of the measme with a view to reporting it to the House promptly.

Democratic senators supported the bill solidly, regarding it as one of the im- Villaortant measures included in the national. Villa by intercepting the box, orenaredness program now being harened to completion. Nine progressive republicans joined with the majority in voting for the bill. They were Senators Borah, Clapp, Cummins, Gronna, Kenyou Merris. Poindexter, Sterling and

Passage of the measure in the House regarded as assured. Administration lead ers are planning to bring it up soon after cosmage of the army re-organization and mmigration bills.

The bill which has the approval of the ration and Secretary Daniels, was secutors. At committee hearings on the cosure, officers of the Sethishem and Miduale Steel companies, two of the three Were of 4,000,000 Tons-Geron erns which provide armor to the gomusent, appeared and the threat was made that their plants would have to be itsmantled as soon as the government intered in the business, leaving no soursupply for the navy's immediate needs The opposition in the Senate was led by Senators Penrose, Oliver, Lipplit and

Senators Oliver and Penrose insisted that the proposed action of the government was confiscatory and that it would force the private plate manufacturers one of business at a time when they are needed by the government.

Scantors Swanson, Reed and Tillman closed the general discussion for the administration, maintaining that the private manufacturers never had dealt fairly with the government and that governof the manufacturers was necessary, t of business, and predicted it would
